Changing development finance landscape

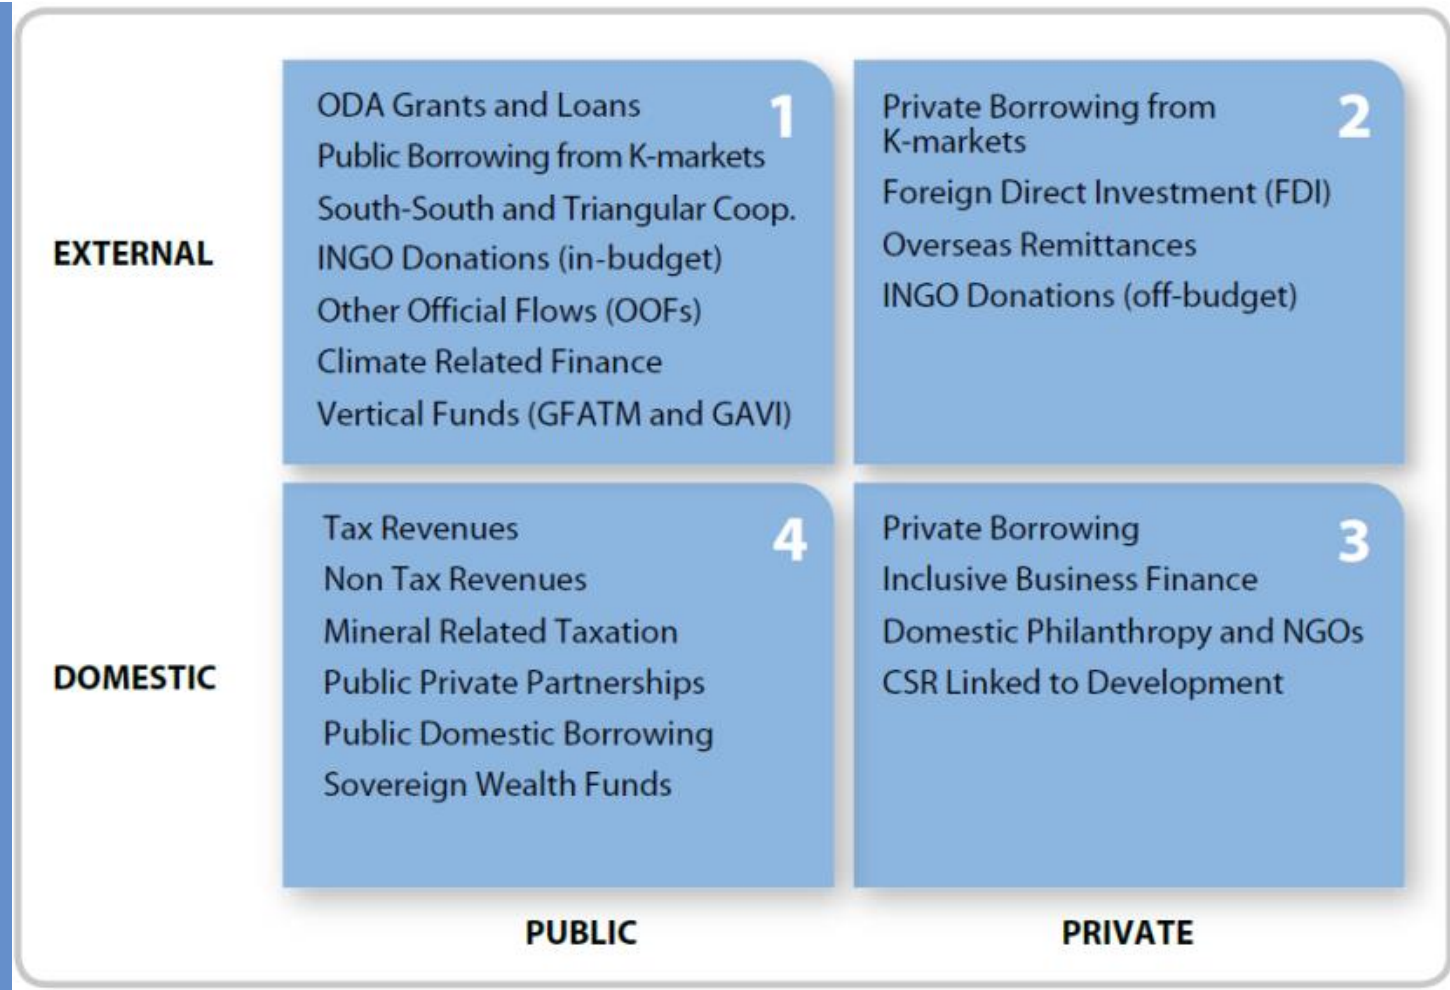

Variety and mix in scale of financing

Integrated National Financing Frameworks

DFA: Types of financial flows

Example from Bangladesh

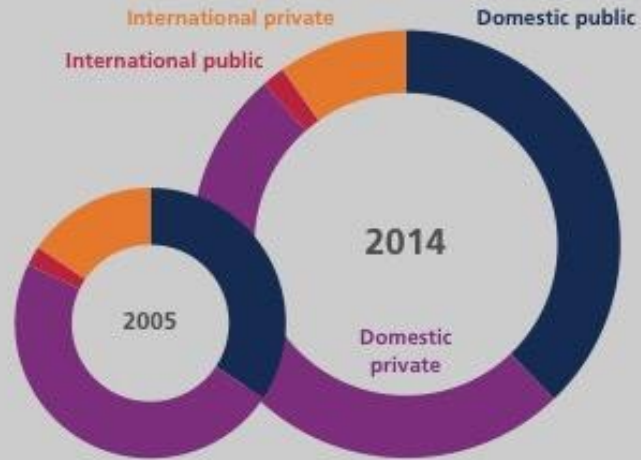

Development Finance Flows in millions of US\$

Sources: Bangladesh Bank, World Development Indicators (World Bank), Ministry of Finance

Financing for development has seen both increases in variety and scale over the past 10 years ...

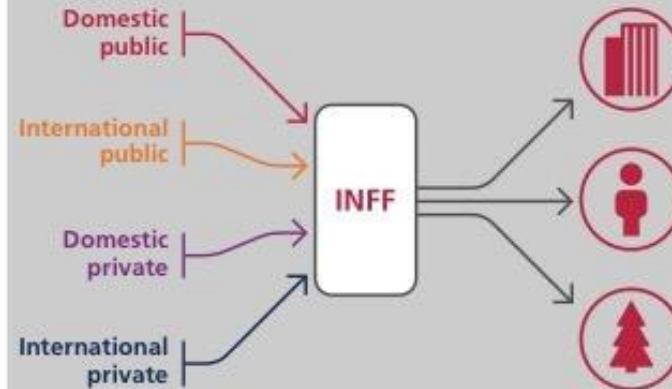

... leading to success in reaching some developmental targets, although significant challenges still remain.

Including a lack of clarity about the amount and type of resources required and how they can be best channeled for results to be achieved ...

Integrated National Financing Frameworks (INFFs) can help governments address these challenges by strategically managing finance to achieve results.
